

ENGINE REFRESH SERVICE

Put the new life back into your engine!

New Add On

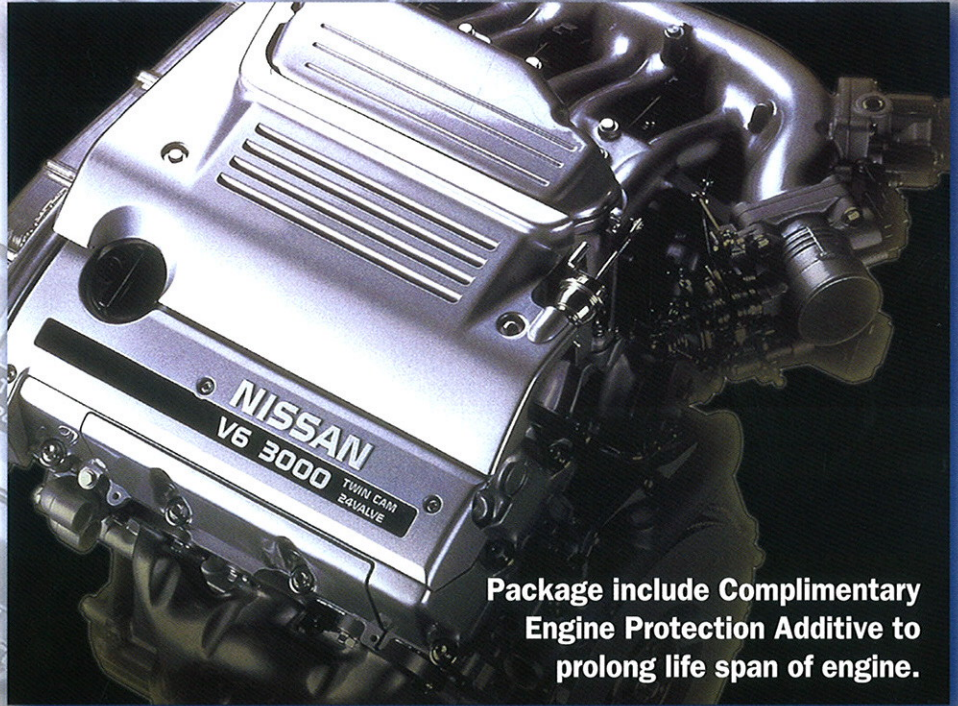

3 in 1 Service @ ONE Price Only!

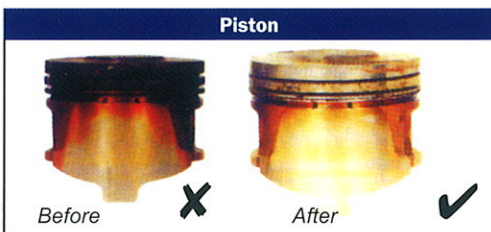

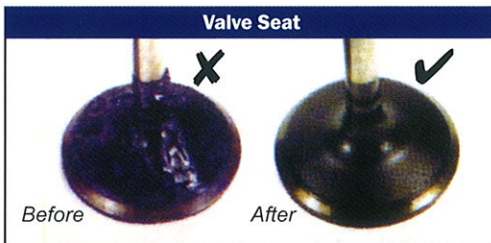

- Improve Power & Fuel Economy
- Reduce engine wear & unwanted noise
- Positive response to acceleration

Service Interval: (Optional)

Once every 24 months or between 40,000km - 60,000km

Package include Complimentary Engine Protection Additive to prolong life span of engine.

ENGINE REFRESH is specially introduced by Nissan Motor to revitalize your Nissan Engine by effectively cleaning and flushing the engine lubrication and Fuel Injection system.

Fuel Injection System:

Effectively cleans fuel injectors, valve seats and combustion chamber with polyetheramin (PEA) which removes almost all carbon and sticky deposit.

Engine Lubrication System:

Flush and remove sludge, carbon and other impurities out of oil galleries and lubrication system.

Engine Protection Additive

- Reduce frictional wear, engine noise and vibration
- Improve life span with surface protection.

Job Process

- Flush Engine Lubrication System
- Add Engine Protection Additive
- Flush Fuel Injection System
- Computerised Engine Tune with Consult
